Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

### DELICIOUS CORN MUFFINS.

Here's an old fashioned recipe for corn muffins that has recently been revived and used with unusual success in several of the larger New York hotels: To make three and a half dozen muffins take one quart milk, six ounces butter substitute, twelve ounces of light syrup or honey, four eggs, pinch of salt, two ounces baking powder, one and a half pounds cornmeal and one and a half pounds rye flour. The butter and syrup should be thoroughly mixed; then add the eggs gradually. Pour in the milk and add the rye flour mixed with cornmeal and baking powder.

## Swift & Company's 1918 Year Book

shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.
